

JANUS WW RANKED AMONG WORLD LARGEST LANGUAGE SERVICES PROVIDERS

Independent market research firm, Common Sense Advisory, recognizes Janus Worldwide as a leader in \$38.16 billion global industry

(Western Europe) – Janus Worldwide announced today its official ranking as one of the largest language services providers (LSPs) in the translation and interpreting industry. Issued July 2015 by independent market research firm Common Sense Advisory (CSA Research), the report titled “The Language Services Market: 2015” ranked Janus Worldwide as a top-grossing language service provider in the US \$38.16 billion global market for outsourced language services and technology. Janus Worldwide was named as the 45 largest LSP in the world.

CSA Research, which has published market size estimates and global rankings for the past 10 years, found that the demand for language services continues, and is growing at an annual rate of 6.46%. As part of the study, the firm surveyed language service providers to collect actual reported revenue for 2013, 2014, and expected revenue for 2015.

Janus Worldwide is a leading provider of translation and localization solutions. Flexible, and proven approach enables Janus team to deliver software and website localization, technical translation, e-learning, marketing material, and multimedia projects consistently, with top-quality results both on-time and on-budget. This is the fifth consecutive year it has been recognized as a top LSP by Common Sense Advisory.

Comments the CEO of Janus Worldwide, Konstantin Josseliani, “Our success goes beyond QA metrics and localization services. That is why we have a 90% client retention rate.”

“The market for outsourced language services and supporting technology is immensely important to the businesses, government agencies, non-profits, and individuals that produce or consume information” comments founder of CSA Research Don DePalma. “As organizations both large and small address more languages, we predict that the industry will continue to grow and that the market will increase to US \$49.8 billion by 2019.”

The full report, including all regional rankings, is available as part of the firm’s research membership.
